Meeting Buddy

Meeting Buddy is a cutting-edge AI meeting assistant designed with privacy at its core. Unlike cloud-based solutions, Meeting Buddy processes and stores all data locally, ensuring your meetings remain confidential and secure.

Key Highlights:

- Ultra-Private: 99% of processes run locally; optional 1% via secure, compliant AI endpoints.
- Data stays secure-no cloud storage, no external access.
- Use your own LLM if you prefer (*OpenAI, Gemini, Ollama, Azure, or any custom model*).
